5 of 5 review helpful Good for review of the topic By Elissa Wurf I am reviewing Corporate Finance which I first took a year ago in preparation for an advanced course that I will soon take This book is good for my purposes It is concise and clear yet still often takes the time to explain elaborate and interpret information However the presentation is a little bit too concise for an initial presentation and ther There rsquo s no easier faster or more practical way to learn the really tough subjects Corporate Finance Demystified offers a comprehensive introduction to corporate finance principles the time value of money including present value amortization schedules and more This self teaching guide

comes complete with key points background information quizzes at the end of each chapter and even a final exam
Simple enough for beginners but challenge From the Back Cover The fast and easy way to learn corporate finance Now
anyone can grasp the fundamentals of corporate finance without formal training unlimited time or a genius IQ In
